Why did you choose this activity and how is it relevant to you?	I am a lecturer with an ACCA Approved Learning Partner. I therefore need to make use of the ACCA Education Hub tutor support resources to ensure that I remain up to date with the latest syllabus, examiner feedback and teaching advice for my specialist subject.

What did you learn and how did/will you apply it? Please ensure you describe the knowledge and/or skills you gained or maintained in your own words	Key learnings were guidance on how to effectively teach challenging areas of the syllabus, how to mark students' practice answers and provide value adding feedback. I learned how experiential learning can help learners to gain a deeper understanding of a topic or process and I am increasing the use of worked examples in my teaching. I also learned about effectively evaluating my own performance which has helped me to reflect on and improve my teaching. For example, I identified as area I could improve in was to allow sufficient time for students to complete activities and review their work. I also learned about best practice approaches and how to prepare for CBEs which is an area I was previously unfamiliar with.	
Supporting evidence You can record details/location of any supporting evidence here or the contact details of a third party who can substantiate completion of the activity	I can provide a digital certificate noting my completion of the course.
