Dear ACCA students,

In almost 2 weeks December 2015 exams will start. We bring you a summary of the support available from ACCA and our partners.

All of you who are registered for this session have received ACCA Essential guide (special edition of Student Accountant) to your mailbox.

The Essential Guide provides links to all the important resources on the ACCA website that will help you succeed in ACCA exams. Our revision and exam day 'problems solved' sections should help you to approach your exams with confidence.

As each session, there are number of online Webinars that are organised in cooperation with Approved Learning Partners. Please make sure you are registered for these 1hour sessions.

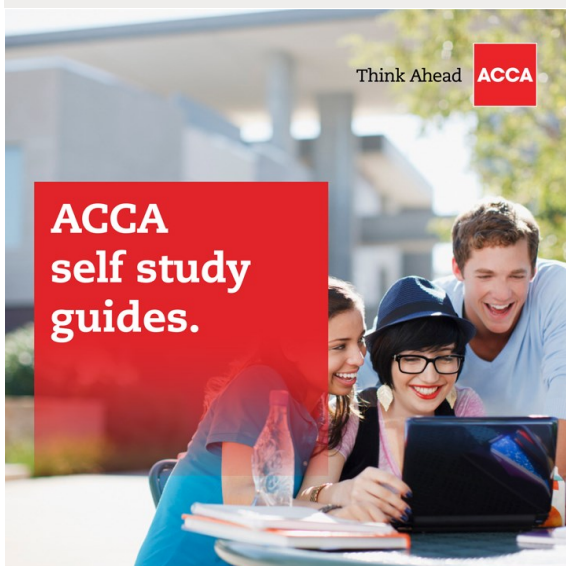

Exam dockets are already available on MyACCA. Please download your docket and familiarise yourself with the exam guidelines on the back side of the docket to avoid any misunderstanding on the day of your exam.

I wish you good luck and success in your exams!

Katka Benešová, Head of ACCA Czech Republic, Slovakia and Hungary

We understand that not all ACCA students can access the support and services available through our Approved Learning Partners. But studying on your own doesn't mean you are studying without support.

We have created a wide range of resources to help you prepare for and succeed in your exams.
