ACCA

This private Dětský domov (orphanage) was established in 1992. It is located about 40 kilometers from Prague in the direction of Slapy (Sedlčany). It is a home for about 20 children from age 3 till over 18. Although the English word „Orphanage“ indicates that it is a home for children without the parents, there are also children that were abandoned or abused.

The ACCA Members' society felt that we should try to give something to these less fortunate children and through the member of the Steering committee who was familiar with this home, we started cooperation with Dětský domov in 2004. The first event was the bike trip „Around Korkyne“. The kids from DD, their care-takers and the ACCA members and their families had fun biking and playing games and picnicking in the beautiful area surrounding this Central Bohemian village. On September 3rd, 2006 we repeated this successful event “Around Korkyne II”. Throughout the year there were other events like a trip to the ZOO or watching Harry Potter movie or going to see a musical, etc.
