What is Career Navigator?

Career Navigator is an innovative, open-access digital tool, accessible through accaglobal.com. It enables **effective, future-proof career planning and readiness** by mapping specific aptitudes against current and emerging job opportunities.

Developed in collaboration with our extensive employer network, and linked to ACCA Careers (the world’s leading employability site for accountancy and finance professionals).

Career Navigator signposts your students to **relevant** live vacancies and employability content, unique to them.

The employability of our students is a key focus for us, having a tool that directly shows how the skills they’re developing during their studies map to the capabilities needed of different roles will be very motivating.

How was Career Navigator developed?

Finance and accountancy is rapidly transforming to meet the challenges and opportunities presented by a fast-changing world.

To identify what competencies are needed now, and what will be sought after in the future. Our award-winning Professional Insights team conducted extensive global research on talent development and future skills, consulting with our network of more than 2000 employers through surveys and focus groups.

The resulting report, *Professional accountants at the heart of sustainable organisations*, explores the drivers of change shaping these organisations and its insight lead to the creation of Career Navigator.
As an educator, how does Career Navigator benefit me?

As educators, you are preparing the finance professionals of the future. You are inspiring, shaping and equipping your students for career success.

Career Navigator can help improve your progression rates, enhance the employability prospects for your students, and attract quality talent to your institution by:

**Enhancing your employability offering**
Incorporating Career Navigator into your employability offering will give your prospective and existing students a tangible way to plan for their future and connect them to relevant support and a global network of real employers.

**Attracting quality students to your finance programmes**
Career Navigator’s content is informed by more than 2000 real employers worldwide and showcases exciting career opportunities mapped against the competencies and skills your programmes teach/provide. This means you can use Career Navigator to prove your programmes are arming students with what they need to succeed.

**Increasing students’ motivation and engagement**
Career Navigator can really help to engage and motivate your students by allowing them to see where their finance qualifications could take them. They can explore multiple career paths and opportunities, connect with potential employers and become familiar with the industry language needed to get their careers off to a flying start.

**Supporting your relationships with employers**
Career Navigator can enhance your skills development conversations with employers by enabling you to demonstrate how your pre- and post-qualification courses deliver the capabilities they need.
