

Flexible Online Learning, Tailored to Your Needs

FI Learn Courses and Virtual Learning Environments (VLEs) are the perfect way to provide students with structured support, even if they can't attend timetabled classes. Designed specifically for self-directed study, the VLE offers comprehensive online resources, including pre-recorded tutor-led videos, practice questions, and structured study materials that cover the full syllabus.

We offer two delivery models to suit the level of support you require: **FI Learn Basic** and **FI Learn Premium**. Both provide access to FI Learn—First Intuition's exclusive VLE and give students the same high-quality content and resources to support independent learning.

FI Learn Basic gives institutions full autonomy to manage the VLE themselves. **FI Learn Premium** includes dedicated support from our team to help manage and deliver your programme. Both options offer full customisation—brand the VLE your way and align it perfectly with your institutional offering.

FI Fully Managed Programmes

Our fully managed programmes are developed in collaboration with partners to meet your specific needs. These tailored solutions can include scheduled online lessons, interactive tutor support, mock exam marking, and in-house tutor training.

To find out how we can support you with a bespoke programme, please get in touch—we'd be happy to discuss your requirements in more detail, email international@firstintuition.co.uk

What's Included for Students

	FI Learn - Basic	FI Learn - Premium
Access to FI Learn	✓	✓
Study plan - This is integrated into each course, to guide and track progress. Each clearly structured online session tells you how long you may spend on the topic and the questions to try.	✓	✓
Digital course notes, question bank and approved study text.	✓	✓
Comprehensive pre-recorded video lectures covering the syllabus.	✓	✓
Quizzes and checkpoints to allow you to test your knowledge as you progress.	✓	✓
Mock exams designed to replicate the final exam.	✓	✓
Mock exam pre-brief and debrief videos created by FI tutors - watch before attempting mocks or practice questions for preparation, and afterwards to review and analyse your performance.	✓	✓
Course calendar - A personalised calendar which can be used to track core programme and course dates.	✓	✓
Updates and announcements forum - Here we can keep students up to date with new content or articles, as well as any changes to exams.	✓	✓
Feedback surveys	✗	✓

Additional services can be added to either model, please contact us for more information by emailing international@firstintuition.co.uk

What's Included for Partners
