2 Professional summary

Provide a brief overview of your professional background, areas of expertise, and what drives your commitment to the public interest and the future of the finance profession.

(150–200 words).

3 Creating impact in the finance profession

We are looking for an example of professional innovation and progression and the impact it had.

(300–400 words)

Describe a significant contribution you have made that is helping to shape the future of the finance profession. You may choose any relevant area, such as:

- Bridging the skills gap
- Developing digital, data, or strategic capabilities
- Influencing professional practice or standards
- Strengthening trust in the profession.

What was the challenge, what actions did you take, and what impact resulted?

4 Supporting sustainable, responsible or long-term value creation

We are looking for business outcomes and responsible stewardship – how your finance expertise created sustainable value.

(300–400 words)

Provide an example of how you have used your professional expertise to support responsible business, resilience, or long term value creation—within your organisation, community, or the wider economy. What difference did your involvement make?

5 Championing the public interest role of accountants

Explain how you have promoted the relevance, credibility, or public interest responsibilities of professional accountants.

(250–350 words)

We are looking for examples of trust, ethics, visibility and influence – how you strengthened confidence in accountants.

- Advocacy or thought leadership
- Policy or regulatory influence
- Mentoring or developing others
- Strengthening the profession's voice locally or globally.

What outcomes or positive changes have you helped to drive?
