Think Ahead

# ACCApprenticeships for the ambitious

Finance and business apprenticeships  
that develop your skills, knowledge  
and career.

## What is an ACCA Apprenticeship?

As the world's most forward-thinking accountancy body, ACCA Apprenticeships are a trusted way to earn while you learn by combining practical work experience and study. You'll be employed in a relevant finance-related job where you'll learn from real-life situations, get paid and study for a globally-recognised qualification, as well as gain the:

- Knowledge and technical abilities needed for a rewarding career in finance – from financial analysis and tax, to auditing and digital accounting
- Skills and behaviours that top employers look for
- Expertise and confidence to add value to any organisation in any industry
- First step on the ladder to becoming an ACCA member and future business leader.

## How do ACCA Apprenticeships work?

Apprenticeships are fully funded, so there are no tuition fees to consider and because you'll be working, you'll earn a salary too. Apprenticeships also combine technical training from an external training provider with on-the-job experience and some assessments.

Your employer will:	Your training provider will:	ACCA will:
<ul style="list-style-type: none"><li>• Provide a job, salary and benefits</li><li>• Choose the right training provider for you</li><li>• Support you to develop and apply your skills in the real world.</li></ul>	<ul style="list-style-type: none"><li>• Coach you at every step</li><li>• Develop your technical skills, ethical behaviours and specialist knowledge</li><li>• Arrange and support you through exams and assessments.</li></ul>	<ul style="list-style-type: none"><li>• Provide all your online learning resources</li><li>• Offer access to our global network of students</li><li>• Support you to achieve your globally-recognised professional qualification.</li></ul>

## Who are they for?

ACCA Apprenticeships are for everyone. They start at different levels depending on your qualifications and experience – whether you're about to leave school, a graduate or wanting to upskill. They also work differently in England, Scotland and Wales, explore more at:

- ENGLAND: [accaglobal.com/apprentice-eng](https://accaglobal.com/apprentice-eng)
- SCOTLAND: [accaglobal.com/apprentice-scot](https://accaglobal.com/apprentice-scot)
- WALES: [accaglobal.com/apprentice-wales](https://accaglobal.com/apprentice-wales)

## Where can an ACCA Apprenticeship take me?

From helping charities to maximise their funding and advising clients how to best invest their finances, to becoming a senior leader for a global car, cosmetics or fashion brand, ACCA Apprenticeships build the solid foundations for a successful future. You'll be well on your way to becoming an ACCA member too – opening up a whole host of career opportunities.

## T Level in Accounting

From September 2022, there'll also be a new accounting qualification in England available as an alternative to A levels. The T Level qualification is a two-year course equivalent to three A levels and open to anyone aged 16-18 in England. It'll give you a head start on your career, by developing the skills employers look for and enabling you to explore a future in finance through a work placement. Once completed, you can either continue onto the ACCA qualification or an apprenticeship.
