

Precautionary Measures (RoW)

Ahead of the June exam session, we wanted to reassure you that the health and safety of our students remains our number one priority.

We've been continuing to monitor the Covid-19 pandemic closely, following local government guidelines and working hard with our exam delivery partners to ensure you can safely take your exam.

A number of preventative measures have been put in place across our exam centres to protect you and others, and you will also be expected to follow basic hygiene practices such as frequent handwashing and/or using hand sanitisers.

Below are the measures you can expect to be in place at your centre:

- **Face masks should be worn by all students. All local country guidelines regarding the wearing of facemasks must be strictly adhered to. You may not be permitted to sit your exam if you fail to wear a face mask and should bring your own face mask.**
- **Gloves may also be worn by students and staff.**
- **You'll be asked to remove masks during registration, ID checks and after any toilet breaks. You should also expect masks to be inspected by invigilators to prevent malpractice.**
- **You may need to complete a health declaration form when you arrive before you are permitted to sit the exam. A travel declaration may also be in place in some venues depending upon local restrictions and directives.**
- **Each venue will have a sanitisation point at the entrance and hand sanitiser will be available in other parts of the venue. However, we still recommend you bring your own for personal use.**
- **Temperature screening may be carried out if mandatory under local guidelines or if the venue has chosen to do so.**
- **Exam workstations will be in a layout that follows social distancing guidelines.**
- **A 'traffic flow' system to move students and staff around the venue in an organised and safe manner.**
- **Minimised handling of your belongings by exam venue staff, with staff wearing gloves during any handling.**
- **Additional signage at the venue providing information on the signs and symptoms of Covid-19.**

Students should also be prepared to expect potential further measures in place at exam centres, as per local guidelines.

Additional time may be required at the start of each exam therefore please arrive in plenty of time.

We expect everyone to strictly adhere to these measures to protect the safety and wellbeing of yourself and others. It's important that you comply with the instructions of the exam centre staff.

If you are displaying suspected symptoms of Covid-19 or are currently in self-isolation you should not attend your exam. Any students not permitted entry to their exam due to displaying Covid-19 symptoms, should [contact ACCA](#) to request a withdrawal as per the [standard exam withdrawal process](#).

We'll continue to monitor the situation and will take any relevant measures in line with the advice of our partners and local agencies.

More information and advice on protection from Covid-19 can be found on the World Health Organisation (WHO) website [here](#).

If you have any questions regarding June's centre-based exams you may find the [FAQs](#) on our website useful.
